

Monthly Educational Program - June 25, 2024 - 7:00 PM PDT

## Themed Entertainment Estimating

**Abstract:** Announcement: Carl Jablonski, CPE (the old guy on the right) is pleased to announce the publication of their new book on Themed Entertainment Estimating. We are under contract with Rivershore Press our publisher and editor for this first of a kind academic textbook on this discipline. The approved release date is mid – 2025.

**Bio:** Carl's career in show and ride estimating began at Imagineering. The focus then was how much do these elements cost? No one was addressing the cost impacts of all three elements in the construction of a themed entertainment project. This idea became a lifelong challenge to bring architects, engineers, construction managers and operations into the discussion. Carl calls it "The Business of Show!"

Carl's theme at this meeting is to demonstrate his passion for bringing these elements together in what he calls - Facility, Show and Ride .

How are these elements addressed and how do they affect each other from a cost perspective? Or do they?

### Presenter:

Names: **Carl Jablonski, CPE**  
Company: Retired  
Email: [carljablonski@icloud.com](mailto:carljablonski@icloud.com)  
Phone: 909-802-4654
